

# TechNet Pacific Northwest

18 – 19 March 2026 | American Lake Conference Center – JBLM | Tacoma, WA

Stuart Phillips  
Cybersecurity Solution Demand Manager  
ReversingLabs

With a career that includes leadership roles at industry giants like Cisco, HP, Lockheed, and Avaya, Stuart Phillips provides a unique bridge between legacy infrastructure and modern cybersecurity challenges. A recognized voice in cybersecurity operations, threat hunting and asymmetric cyber warfare, Stuart has worked alongside military, government, and financial sector end-users to secure critical digital ecosystems. His expertise encompasses the strategic integration of threat intelligence and the practical application of malware analysis to mitigate global systemic risk. Currently focused on Malware Analysis and Threat Hunting at ReversingLabs, Stuart's work centers on file reputation and threat intelligence feeds. He holds a BS in Computer Science and an MBA, bringing a deep technical perspective to the evolving landscape of digital warfare and system defense.
