Major Sameer Puri holds the Chief Information Officer and Director of Defensive Cyber Operations roles within the Washington Army National Guard. As a seasoned CIO, he advises on matters of Information Management, IT, and Cybersecurity, directly supporting the WA Army National Guard Commanding General.

Major Puri is at the forefront of modernizing IT infrastructure. An expert in devising and executing information security strategies, Major Puri skillfully navigates and mitigates risks for the organization. His unwavering commitment to service is evident in his 24 plus-year tenure with the United States Army and the Washington Army National Guard.
